Which IPs should I whitelist in my firewall?

If you use a firewall that limits access from and/or to certain IPs, please whitelist the IP ranges listed below for both TCP and UDP.

Subnet	Start IP	End IP
185.19.236.0/22	185.19.236.0	185.19.239.255

Service	Port number
SIP	5060 and 5061 TCP and UDP
RTP	ANY UDP
Provisioning	80 and 443 TCP

- Switch off **Stateful Packet Inspection (SPI)**.
- Switch off **SIP Application Layer Gateway (SIP ALG)**.
- Switch off **Strict Security** in the firewall options.
